

THE STRIKE IN BRITAIN

Most Disastrous in Effects of any Ever Experienced.

BUSINESS BECOMING PARALYZED

In Consequence, and the Crisis is of the Most Serious Character—Grateful Russians Appreciate the American Relief—Anarchists Convicted, Other Foreign Affairs.

LONDON, April 4.—The effects of the strikes of the coal miners in Durham threaten to be more deplorable than was anticipated by any one who has examined into the trouble. The stocks of fuel in the large factories are almost gone, and it is probable that in a few weeks a number of heavy failures will be announced. There has never been so grave a crisis in the history of trade and industry in the north of England. All the berths on the river Tyne are occupied by vessels made idle by the strike, and firms with a European reputation are in jeopardy. Huge coal yards, formerly the scene of the busiest activity, and on which entire communities depended for their existence, are now idle. The strike has already done more harm than any modern strike, and its effects become worse daily.

Delegates from 20,000 Durham miners to-day adopted the acclamation a decision to stand firm against a reduction of wages.

GRATEFUL RUSSIANS

Show Their Appreciation of the American Relief Expedition.

LIBAU, April 4.—The first train load of the cargo of the steamer Missouri, which brought to this port from New York an immense quantity of flour and grain given by Americans for the relief of the starving Russian peasants, will start for Orenburg this evening. The Missouri, which sails under the British flag, is commanded by Captain Finley. Yesterday, in the presence of all the notables of the town, Count Dobrinsky presented Captain Finley with a splendid antique Russian tea service. In reply to the presentation speech, Captain Finley expressed himself as deeply touched at the appreciation shown for his slight services in bringing to Russia the offerings of charitable Americans, who had always shown themselves ready to respond in the most free hand manner to appeals for aid from any nation.

Received With Royal Honors.

ALEXANDRIA, April 4.—The Turkish imperial yacht Izzeddin, having on board Ahmed Ayoub Pasha, the special envoy of the sultan, who brings to Egypt the firman of investiture for the khedive, arrived here this morning. As she steamed into the harbor she was greeted with salutes from all the war ships and the forts. Shortly after she came to anchor Ahmed Ayoub Pasha and the fourteen members of his suite were rowed to the quay in small boats. As the envoy and his party stepped upon the quay they were received by representatives of the khedive. A guard of honor, consisting of British and Egyptian troops, was in waiting, and the envoy was received with military honors. The party at once proceeded to the railway station, where they took a special train and started for Cairo.

Anarchists Convicted.

LONDON, April 4.—The Walsall anarchists, Frederick Charles, Victor Caines, Joseph Thomas Deakin and John Battola were to-day found guilty at Staffordshire assizes of "unlawfully and knowingly having in their possession or under their control certain explosive substances under such circumstances as to give rise to the reasonable suspicion that they did not have them in their possession or under their control for any lawful purpose." John Westley and William Ditchfield, who were also tried on the same charge, were acquitted.

Perhaps One of His Victims.

DUBLIN, April 4.—The body of a girl has been discovered underneath the floor of a cottage near Bandon, twenty miles southwest of Cork. The body had been buried and then covered with cement in a manner identical with that followed by murderer Deeming in the case of his wife and four children, whose bodies were found under the floor of Dinham Villa at Rain Hill, near Liverpool.

Disaster to a Steamer.

ST. PETERSBURG, April 4.—It is reported here that a steamer bound from the Persian coast for Baku, in the Black Sea, with 200 passengers and a cargo of cotton, has been lost with all on board. It is said that the disaster was due to the fact that the steamer was greatly overloaded.

Va., April 3.—The secretary of state to-day issued the following charters: Davis Hardware and Furniture Company, for the purpose of buying and selling hardware and furniture at wholesale and retail. Also the Tin Bill wholesale company for the purpose of manufacturing and dealing in patented articles. The principal office will be at Wheeling. The capital subscribed is \$500, and privilege granted said company to increase from time to time its capital to \$100,000. Shares are \$100 each and are held by John H. Stewart and four others, of Wheeling, W. Va.

CHARLESTON, W. Va., April 4.—The secretary of state issued a charter to-day to Prince, Dunn & Co., for the purpose of doing a wholesale merchandise business. The principal office and place of business is Charleston, W. Va. The capital is \$50,000, and the privilege is granted to said company to increase its capital from time to time to \$500,000. Shares are \$10 each, and are held by W. E. Dunn and four others of Charleston.

An Old Omelal Deed.

WASHINGTON, D. C., April 4.—Mr. Henry B. James, for many years chief of the customs division of the treasury department, died in this city yesterday after a lingering illness. His remains will be taken to Rochester, N. Y., tomorrow for interment.

THE HUNTINGTON TRAGEDY.

How Allen Harrison shot His Sweetheart Because She Would Not Marry Him. Special Dispatch to the Intelligencer.

HUNTINGTON, W. Va., April 4.—Three special deputy officers arrived in the city Sunday morning at 2 o'clock from Big Cabell creek, seven miles back of Ona, in this county, having in their charge Allen Harrison, a young man residing in that vicinity, who is guilty of a most horrible crime. Saturday afternoon Harrison shot and killed his sweetheart, Miss Bettie Adams, a young woman of good family, who had discarded him some time since. The details of the crime are highly sensational. Harrison, it seems, had made up his mind that the girl should either acquiesce with his wishes and marry him, or that they should both enter the great beyond.

Harrison approached the young woman Saturday afternoon and told her that she must marry him. This she refused to do. Her refusal evidently crazed an already desperate man. He went to a neighbor's house and borrowed a revolver for target practice, as he said. As the second step in this horrible tragedy he secured a dose of laudanum, sufficiently large, as he thought, to prove fatal. Then he swallowed and then entered the kitchen where she was performing household duties taking ashes out of the fireplace. Without a second's warning he fired the fatal leaden messengers at his unsuspecting victim, who fell to the floor a corpse. After the deed was done the murderer went off to his home, where the drug overcame his senses and he became insensible. He was in this condition when found and arrested by officers. Through the efforts of physicians the man's life was saved. After his recovery he was put under guard and late Saturday night was brought into this city by special officers.

When the posse and prisoner arrived at Twenty-fourth street, Harrison made an effort to escape, jumping from his horse and starting towards the woods, but he was headed off and secured. The party arrived here at 2 a. m., when the murderer was placed in the county jail. Great indignation and excitement prevails and it is said an attempt will be made to lynch the guilty wretch. Guards with Winchester's guarded the jail last night.

GREAT DAMAGE DONE

By the Storm in Westmoreland County, Pennsylvania.

GREENSBURG, Pa., April 4.—A terrific wind, hail and rain storm, accompanied by lightning, passed over the southern section of Westmoreland county at 7 o'clock last evening, doing great damage. At Scottdale, Everson and Brownstown, the wind was very severe, blowing down and unroofing buildings in all parts of the town. The Scottdale rolling mill was unroofed and the interior badly wrecked by falling timbers, while the Jackson House, Henry Reed's house and the Keagy residence were badly wrecked. A large two-story frame building at Henninger's mill, a short distance out from Scottdale, was blown down and two of Mr. Henninger's daughters were carried about 200 feet, but fortunately escaped with but little injury.

In all parts of the above mentioned towns stables and outbuildings were blown down and demolished, while there is scarcely a house in which the windows and doors are not blown in or broken by the hail, which fell to the depth of several inches. For a time the people were panic stricken and fled to the basements of the houses, expecting every minute to be carried away by the fierce gale. Many persons were slightly injured by broken glass and flying debris, but no fatalities are reported. The loss to property cannot be estimated at present.

AFTER TWENTY YEARS.

Mr. Frank Curtis States His Case in Full.

The Following is His True Statement in Detail:

"Twenty years is a long time, is it not? But it is at least that long since that my trouble dates back, that I have carried the burden of misery within myself."

MR. FRANK CURTIS.

The speaker was Mr. Frank Curtis, of No. 1165 High street, Wheeling. "I do not remember the exact date when my trouble began, but it dates back about twenty years, as near as I can tell anything about it," continued Mr. Curtis.

"My father says I was run over by a wagon on the streets of Baltimore, when I was a small child. I almost died from the effects of my injuries, but, on regaining my health again, I was left deaf in both ears, remaining thus until November 1, 1891, when I called on Drs. Copeland & Bell and placed myself under their care. I had continual ringing and roaring, and sounds in my ears similar to that of a train of cars, and at times a terrible pain in my head.

"Curtis finally set in, and my nose would stop up so tight that I was compelled to breathe through my mouth to get air. Constant dropping of mucus from my head into my throat, kept me hawking and spitting most of the time. Two years ago my nose and throat got so bad, I would frequently cough so hard I would spit blood as a result. Had no appetite, and what I did eat disagreed with me, causing terrible pain in my stomach, bowels and back. I grew so weak and emaciated I was hardly able to work, would feel more tired in the morning than the night before, and going to bed I could not eat a good square meal and when I could eat a hard day's work with pleasure, I was a continual drag hereafter; can hear an ordinary conversation and can hear a loud one any one suffering as I have done, to try those eminent specialists at No. 1121 Main street, and be relieved.

The above statement can be easily verified at 1165 High street, Wheeling.

Hon. C. L. Weems has called a meeting of the Republican congressional committee of this new district to meet at the Windsor hotel in this city next Monday to fix the time and place for the congressional convention. It will probably be held here or at Steubenville, but Bellaire is decidedly the most convenient place for a majority of the delegates to reach, though Harrison and Carroll counties can get to Steubenville easier than to Bellaire, and with the member from Jefferson, if they vote for their own convenience, will have three to Belmont and Monroe for this city.
